

ISO 44001 - Introduction

With gap analysis as the basis for your plan

This introductory one-day programme will give you a broad understanding about the standard. It will provide an overview of the eight stages which will enable you to get started.

Why is this Programme Important?

This one-day workshop has been designed to help businesses embrace collaborative working as a fundamental business tool and highly effective method of maximising resources.

You will gain an understanding of the key elements of the standard and the implications for your business.

You will be able to identify steps to improve supplier and stakeholder relationships and start to build awareness within your business of ISO 44001 and its benefits.

What Will I Learn?

- ▶ Understand why relationships and behaviours are important to successful collaborative working.
- ▶ Understand the role of leadership and the increased focus on the competences and behaviours necessary in a collaborative context.
- ▶ Understand the scope and principles of the ISO 44001 standard.
- ▶ Identify the importance of mutual trust and respect in collaborative business relationships.
- ▶ Consider how to identify the gaps in your current collaborative working practices.
- ▶ The importance of continuous improvement and value creation
- ▶ How to build better relationships that lead to improved results.
- ▶ Be aware of the importance of a mutually agreed exit strategy.

Who Should Attend this Programme?

- ▶ Senior executives and leaders and those who need to collaborate with others to deliver business results.
- ▶ Commercial directors.
- ▶ Operational managers.
